

ICTE Syllabus

**Workshop
Task 2:
'Challenges'**

Instructions for Presenters

ICTE Syllabus : Workshop Part 2 - 'CHALLENGES' - (navigating ICTE)

Materials:

- Poster showing example Hardware Database (databaseactivity.pdf)
- Poster advertising debate (debateactivity.pdf)
- Poster with new screen metaphors (metaphorsactivity.pdf)
- Poster with PowerPoint template (PowerPointactivity.pdf)
- answers sheet (task2ans.pdf)
- activity response sheet (task2response.pdf)
- ICTE picture piece "C"

Guidelines:

- After the follow up discussion with the first activity and the first piece of the puzzle handed to groups, present the next challenge - three samples directly related to the activities of the strands.
- run through the example database activity on OHT as an example

- Hand out the first challenge (debate poster) and the activity sheet (worskhop2ans.pdf) to each group.
- Their challenge - identify (with time limit of 3 minutes?):
 - a) the strand which the activity would belong to.
 - b) the level of outcomes for which this might be an activity.
 - c) the page number of the syllabus document where the activity is found.
- Ask groups to give answers - all the same?
- Hand out the two additional sheets (metaphors poster and PowerPoint template poster) one at a time, repeating the first activity (perhaps some contextualisation support)
- Sum up the activity with discussion on which year levels they would imagine the example activities taking place.
- Hand out the second piece of the ICTE puzzle 'C'
